## TGM TURBINAS

### STEAM TURBINE SELECTION REQUIREMENTS

Either of the below

Power  
Inlet steam flow

All of the below

Inlet pressure  
Inlet temperature  
Exhaust pressure

If extraction required

Minimum extraction flow  
Maximum extraction flow  
Normal extraction flow  
Extraction pressure

If generator required

Voltage  
Hertz  
Power factor  
Type

Is switchgear required?

Is PLC required?
